- On 23 December 1953 the Deutsche Mineraloel- und Kraftstoffe und Mineraloel (DHZ KuM) wrote to the Ministry for Material Procurement, Main Administration Liquid Fuels, giving partial details on fulfillment of its 1953 distribution plan. The figures cover only internal East German deliveries. Figures on deliveries for export are to be coordinated with DIA-Chemie and reported by 5 January 1954. DHZ KuM also explained that it could not as yet report the 1953 figures for storage and reserve fuels since its subordinate branches had not yet completed and in their figures. Finally, DHZ KuM stated that yearly reports for technical oils, tar products, hard fats, gases, etc., would be reported on or before the 10 January 1954 deadline.
